MORNING MEETING ACTION ITEM

TO: ADD/I

ADD/I reported information suggesting that the Helsinki SALT talks may wind up on or about 19 December and went on to note probabilities with respect to who will take the initiative in discussing a moratorium on the testing of multiple-warhead weapons. The Director asked the ADD/I to arrange to have the Executive Committee briefed once a week, perhaps Friday, on significant SALT developments.

Action Taken: 2 December 1969

The ADDI or DDI will brief each Friday morning.
